Year at a Glance:

Process Standards ongoing

1 st Instructional Period	2 nd Instructional Period	3 rd Instructional Period
<ul style="list-style-type: none"> ➤ Estimate Solution ➤ Order of Operations ➤ Multiply 3x2 ➤ Divide 4 by 2 ➤ Conversion tables ➤ Problem Solve with multi-step whole number 	<ul style="list-style-type: none"> ➤ Prime and Composite ➤ Add/Subtract fractions with unlike denominator ➤ Tables & Graphs with fractions ➤ Multiplying fractions by whole number ➤ Dividing unit fractions by whole number 	<ul style="list-style-type: none"> ➤ Compare & Order Decimals ➤ Round Decimals ➤ Add/Subtract Decimals ➤ Perimeter with decimals ➤ Tables & Graphs with decimals ➤ Financial Literacy
4 th Instructional Period	5 th Instructional Period	6 th Instructional Period
<ul style="list-style-type: none"> ➤ Area & Volume ➤ Classify 2d figures ➤ Coordinate Planes & Patterns in Tables ➤ Graphs/Data ➤ Problem Solve with Data 	<ul style="list-style-type: none"> ➤ Review all TEKS ➤ State Assessment ➤ Decimal Review ➤ Fraction Review 	<ul style="list-style-type: none"> ➤ Step up to 6th grade ➤ Fraction/Decimal/Percent ➤ Order positive rational on number line ➤ Mean, Median, Mode, Range

Text:

We will be using alternative resources in lieu of a textbook this year. Students will be required to keep a math journal to record their notes and learning. This journal will serve as a valuable resource and tool for students as they progress through the course objectives. Motivation Math workbooks will also be issued to each student as a required text.

Goal:

To build and strengthen all students' understanding of Math so that it will serve as a foundation for their future.

Requirements:

- Positive Attitude
- Active Class Participation
- Group Collaboration
- Ongoing Assessment (Exit Tickets, Quick Checks, CBAs)
- Weekly Homework Assignments

(Note: This excludes Thanksgiving Break, Winter Break, and Spring Break)

Course Calendar/Schedule:

- Curriculum Based Assessments (CBAs) will take place after each instructional unit.
- Math STAAR Test: Tuesday, March 28, 2017

Attendance:

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences.

Absences

In the event that a student must be absent, they will need to make up their assignments or tests after excused absences. Students will have the same number of days they were absent to make up work. Students should consult with the teacher after an absence to identify any work that needs to be completed.

AVID Agenda/Planner:

Students will be expected to write in their agenda on a daily basis. Students will use this tool to keep track of their daily learning, homework, events, and keep communication going between school and home. Parents will be expected to sign/initial the agenda.

A binder will be set up in class and will be checked periodically to ensure that it is organized. Please refrain from taking anything out of the binder, unless it is noted to be removed.

Available Support Services:

- Many resources will be available to support student learning. Students are encouraged to make use of the resources in the classroom, library, and via technology offered in order to further assist understanding.
- Intervention classes will offer support during the school day for students based on their needs.
- Tutoring before or after school will also become available as student needs arise. Students will need to arrange a time to come in for these services with their teacher prior to the day they plan to attend.
