The DIIS 5th grade art program this year is an introductory course for 6 weeks. The course is designed to provide a foundation of art terminology, skills, techniques, concepts, and problem-solving skills. Students will produce two- and three-dimensional art projects, discuss, and write about their own art and that of other artists. Student art will give students an opportunity to develop skills/techniques, express imaginative ideas, and explore symbolism.

Behavior Expectations:

All students must follow all school and classroom rules. If a student chooses not to follow our behavior expectations, I will follow the discipline hierarchy of our campus

Artist Journal will be provided to students for Art class. This will stay in the art room. This is where we will add our sketchbook exercises, notes, and plans for class projects. **Homework Assignments** may be given to students periodically for grade.
